Man Finds $92,800 In House Where He Lived For 25 Years

(By Associated Press)

PHILADELPHIA, March 14.—A $75-a-week bookkeeper and his wife were reported on the verge of nervous collapse today after finding $92,800 in a corrugated cardboard box in a dark, dusty corner of their cellar.

The bookkeeper, Benjamin Lieberman, 44, went to the cellar in search of light bulbs, reached for a grimy box, idly opened it and pulled out a cache of cash in $10, $20 and $50 bills.

Lieberman called police. Now they and the Liebermans are trying to find out who owns the money. Turned over to Director of Public Safety James H. Malone, the treasure was locked in a bank safe deposit box.

Secret Service agents noted the bills were federal reserve notes originating in Philadelphia, New York and Boston. Efforts will be made to trace them by their serial numbers.

House is Guarded

Detective Lieut. Frank May, who responded to the Lieberman's call to police, placed the family under guard in their South Philadelphia home "for their own protection."

Detective Sgt. Charles Steinberg, assigned to the house overnight, reported "the Liebermans are both in a highly nervous state of mind. They are not in bed, but they are unable to talk to anyone about the money."

Employed by a milk company, Lieberman has lived in the house where the treasure was found for 25 years. Last fall when Lieberman was in a hospital the home was unoccupied for sometime.

The bookkeeper will get the money if no one claimes it, May said.

CONGRESSMEN BACK TRUMAN ON U. S. AID

Proposal Will Pass By Wide Margin, Is General Prediction

(By Associated Press)

WASHINGTON, March 14.—President Truman's bid for American help for Greece and Turkey gained such momentum in congress today that opposition seemed likely to be confined to only a rear guard action aimed at narrowing the terms.

Senator Aiken (R-Vt.), who has yet to make up his mind on pitting direct financial and limited military assistance against Communist pressures in the Mediterranean area, summed up the situation to a reporter this way:

"It looks like there isn't much congress can do but go along with the President in this crisis."

Passage Predicted

Similarly, Senator Connally (Tex), top Democrat on the foreign relations committee, predicted that Mr. Truman's proposal "will pass both houses by a large majority."

As senate Republicans gathered in a party conference to hear Senator Vandenberg (R-Mich), chairman of the foreign relations committee, report on President Truman's personal appeal to congress Wednesday, there was evidence that the Aiken and Connally views were shared by some Republican leaders.

One of these, who asked not to be quoted by name, noted that the President has wide latitude in the field of foreign relations and that his publicly announced commitment to go to Greece and Turkey could be reversed by congress only if it chose to withhold funds.

But this Republican said any such action seemed likely to be interpreted in Moscow as a display of American weakness, a result he said he would regret to see despite his reluctance to approve military as well as financial action.

For that reason this GOP leader said congress has little choice but to go along with the President.

An indication of the air of tension prevailing in congress was provided meanwhile by the action of the senate armed services committee in deciding to keep Selective Service records where they are for at least three months.

The original plan proposed by Mr. Truman after his decision to let the draft act expire March 31, was to have local boards ship their papers to state capitals.

Girl Scout Fund Drive Under Way

Mrs. W. E. Quillian, council camp director and campaign chairman in the Salem Girl Scout drive to raise $6,500 for the improvement of Camp Merrydale, stressed today the fact that all contributions should be sent to the Girl Scout office in the Memorial building or given to a leader.

Business houses are being solicited but there will be no house-to-house canvass.

Mrs. Quillian pointed out that all work must be done soon at the camp to make possible the use of the new facilities this summer.

The Rotary club presented the deed of the Camp site to the scouts at their anniversary dinner Tuesday. W. H. Hatthews, who was a member of Rotary when the land was purchased gave the initial donation and has since made a generous additional contribution.

Wednesday was the opening day in the drive and no figures are available this early as to the public response but it has been asked that all checks be made payable to the Girl Scouts through Mrs. Quillian.

Miss DeHavilland, March Receive Hollywood 'Oscars'

Olivia de Havilland

(By Associated Press)

HOLLYWOOD, March 14—Fredric March was chosen the best actor of the year, Olivia DeHavilland was named the best actress—but handless Harold Russell stole the show at last night's 19th annual presentation of awards by the Academy of Motion Picture Arts and Sciences.

Russell, the veteran with the hooks in the "Best Years of Our Lives," which won the "best picture" award, went home with two Oscars tucked under his arm.

His "Best Years" role, his first in motion pictures brought him academy acclaim as the best supporting actor, and a special award by the academy's board of directors. The board did not know he would win the supporting award, because results were kept in a sealed envelope until announcements were made from the stage.

It was March's role in "The Best Years of Our Lives," depicting problems of returned veterans, which won him the Oscar, while Miss DeHavilland too home the coveted statuette for her performance in "To Each His Own."

March was not present to receive his Oscar. He is in a New York stage production and his statuette was accepted by Cathy O'Donnell, Russell's sweetheart in "Best Years."

Miss De Havilland, gowned in a strapless light blue tulle, said she intended to place her Oscar on a table in her bedroom.

"But I don't know," she said, "whether my husband (Novelist Marcus Goodrich) will object to having another man in my bedroom."

Other major awards went to Anne Baxter, for her supporting role in "The Razor's Edge," and to the director of "Best Years," William Wyler.

Miss DeHavilland's sister, Joan presented March's Oscar, but she was noticeably absent from the crowd which gathered to congratulate Olivia. Ray Milland, who won an Oscar last year for "The Lost Weekend," presented Olivia's award.

Master of Ceremonies Jack Benny, introducing Milland to the capacity crowd of 6,700 in the Shrine auditorium, said "Phil Harris could have played the 'Lost Weekend' better than Milland—and he'd have found the bottle in the chandelier sooner."

Russell, manager of a chain grocery in Cambridge, Mass., before the war, lost his hands when a half-pound of TNT he was carrying exploded at a paratroop training camp June 6, 1944—the day Alllied troops invaded France.

"I won't continue in pictures as an actor," Russell said last night. "After tonight, any movie I could make would be anti-climactic."

Division Nine Laborers Protest Political Spoils System

(By Associated Press)

COLUMBUS, March 14—Unclassified employes in the state highday department's seven-county division 9 went on strike today against the political spoils system and Hghway Director Murray D. Shaffer said they probably would be replaced.

"We will undoubtedly place additional men in the unclassified jobs to keep up maintenance," Shaffer stated. "It has always been the custom to change jobs with the change of administration," he added.

Shaffer said reports indicated only Jackson, Ross and Pike county operations had been affected to any marked degree by the walkout. Other counties in the district are Brown, Adams, Scioto and Lawrence.

Pickets were assigned to highway garages at Chillicothe, Ironton, Hillsboro, Jackson, Waverly and other points in the division.

Gov. Thomas J. Herbert said he did not consider the workers' action a strike against the state.

More workers were put on the highway payroll during the previous administration than ever before, the governor stated.

"For years it has been common practice by both political parties to use men recommended by the county organization as laborers in the highway department," Herbert said.

"The difficulty apparently arises over refusal to reinstate those who incidentally happen to be union members. I do know that all who have been let go have not been replaced," Herbert added.

The governor said he had informed union representatives he had no intention of trying to break a labor organization and that civil service laws were being complied with fully.

JUNIOR HIGH ESSAY AWARDS ARE MADE

Eight cash prizes were awarded to students at Junior High school today for entries in an essay contest on "Safe Bicycle Riding," supervised by Miss Effie Cameron.

The entries were judged by the Salem police department and the Junior High English teachers.

In the seventh grade, prizes were awarded to Dorothy Pozniko, first; Jean Cameron, second; and Loralei Burrell and Barbara McArtor, tie for third.

Eighth grade winners were Janet Lehman, first; Lois Bruckner, second; Joyce Langhurst and John Votaw, tie for third.

The prizes were given at a Junior High assembly today.

An assembly program at 2:45 featured the play, "A Date With Judy," produced by the Dramatics club, directed by Mrs. Bess Cline, advisor.

The cast included Shirley Kelly, Jack Leipper, Bob Zimmerman, Jackie Kuntzman, Mary Alessi, Jean Eckhart, Jean Wachsmith, Shirley Leiphart and Gloria Leone.

GOAL SIGHTED BY RED CROSS

Salem Chapter Is Within $3,000 Of Its Quota Of $13,160

From all appearances, the Salem Red Cross fund drive will exceed its goal of $13,160 by Monday, Alfred Fitch, drive chairman, said today.

Total collections through Thursday amount to $10,076, leaving only a bit over $3,000 to be collected.

Many of the organization's heavier contributors have not yet given their donations, Fitch said, but it is hoped that all will be contacted this week.

The Salem chapter of the Red Cross will receive $9,000 of the quota, with the balance going to the national organization. In the event contributions exceed the goal, the local chapter will keep 70 percent of the excess.

Bob Casey, Monday Town Hall Speaker, Legendary Figure

Town Hall offers inimitable "Bob" Casey—author, lecturer, raconteur—for its fourth meeting of the season at 8 p. m. Monday in the High school auditorium.

Often referred to as a newspaper man's newspaperman, Robert J. Casey, who retired in January after 37 years with the Chicago Daily News, has traveled about the world through and amidst danger with an ease which is uncanny, causing him to become an almost legendary figure.

A man with a keen sense of humor and observation, he will talk about "Such Interesting People" and "Now We Can Talk."

He is a veteran of World War I as a captain of artillery, and World War II found him in about every tough spot there was.

Of him Hal Boyle, veteran Associated Press staff writer, says:

A Rare Character

"Two of the most interesting people in the world today are Bob Casey, one of those rare characters who become a legend in their own life time.

"I say two people because if you only know Bob Casey, the writer, you've missed an equally great man—Bob Casey, giving with the voice.

"They are wrapped up together in one wonderful barrel-bodied Irishman with the soul of a leprechaun.

"Bob is an international jumping jack who has filled in his spare time between newspaper chores by turning out more than a score of books. He absorbs men, events and anecdotes by a kind of Irish osmosis, and digests them into liquid prose."

Hearing Continued For Salem Soldier

(By Associated Press)

COLUMBUS, March 14.—A hearing to determine whether a Salem soldier knew what he was signing when he reenlisted Oct. 12, 1945, was continued until March 27 today by Federal Judge Mell G. Underwood.

The soldier, Andrew Kenst, Jr., appeared in court under guard of military police for his hearing on a habeas corpus writ but his counsel, Ralph Atkinson of Salem, asked for the continuance on grounds that he was not ready to proceed until studying army records.

Kenst was returned to Fort Hayes under armed guard pending further court action.

Atkinson said that Kenst denied emphatically reenlisting and said he thought he was signing only discharge papers.

The Army contended that Kenst was given a "discharge for the convenience of the government" but only after he had already reenlisted in the regular army for a three-year term.

His original enlistment, the Army contended, would have expired in April, 1947.

Kense was first arrested at Salem May 5, 1945, and sent to Camp Atterbury, Ind., under guard a week later. In June, 1946, the army said, he was transferred to a military police unit at Crile General hospital in Cleveland.

Before he arrived, Crile hospital was turned over to the Veterans administration and he was given transportation back to camp but never reported there, the army said. On Feb. 17, 1947, an AWOL warrant was filed against him.

Gen. M'Narney Couldn't Spare Single Troop To Aid Greece

(By Associated Press)

FRANKFURT, March 14.—American armed forces in Germany are spread too thin to permit any diversion to Greece if U. S. soldiers are ordered there as a result of President Truman's plea to congress for aid to Greece and Turkey, Gen. Joseph T. McNarney said today.

In response to a query as to whether he could supply troops for the Balkan kingdom, the retiring American commander in Germany told a news conference:

"We can furnish none. Our authorized troop strength is only what is considered essential for this area."

McNarney, who will turn over command of his troops Saturday to Lt. Gen. Lucius D. Clay, declared also that he "completely rejects the accusation" of Soviet Foreign Minister V. M. Molotov that the United States was maintaining German military formations in its occupation zone. Molotov made the charge Tuesday at the Council of Foreign Ministers in Moscow.

"We maintain no auxiliary formations of Germans," he said. "We use certain German prisoners of war for labor, and all but a few of the prisoners of war will be released by the end of this month. All will be discharged by July 1."

Since the end of the war, he said, the United States has discharged 1,000,000 German prisoners of war, placing it "far ahead of the other allies."

80 War Plants In American Zone Liquidated, Big Four Told

MOSCOW, March 14 — Secretary Marshall bluntly told the conference of foreign ministers today that the United States does not consider a society democratic if men who "respect the rights of their fellow men are not free to express their own beliefs and convictions without fear that they may be snatched away from their home and family."

Marshall was speaking on the need for democratization of Germany, but his comment, coming on top of President Truman's declarations against totalitarianism in Greece, heavily stressed the American stand for other parts of the world.

"To us," said the American secretary, "a society is not free if law-abiding citizens live in fear of being denied the right to work, or of being deprived of life, liberty and the pursuit of happiness."

War Plants Liquidated

Marshall also told the council:

1. Eighty of 117 war production plants in the American zone of Germany are 100 percent liquidated.
2. The United States now holds only 15,103 Nazi prisoners of war, mostly in Italy, while 15,873 more are rapidly being discharged in the American zone of Germany.

Soviet Foreign Minister Molotov announced that figures on prisoners of war held by the Russians would be circulated among the delegations tonight.

The foreign ministers agreed to take up tomorrow the thorny questions of displaced persons and territorial reorganization of Germany.

Meanwhile prospects dimmed for Big Three talks concerning the Chinese crisis, with China present, despite Russian insistence. An authoritative source said China was not likely to agree to participate. (In Nanking, the foreign office announced refusal to participate).

Editorial Flays U. S.

The Chinese maneuvers, starting with Molotov's written request for such conferences last night, shared keen interest among the western delegations with a whopping Izvestia editorial, which in the first real Russian reaction to President Truman's message about Greece and Turkey, virtually accused him of breaking United Nations obligations and of trying to grab the two countries.

The impression was growing strongly that Soviet and U. S. competition for world leadership was boiling down to naked power diplomacy in which China, Greece or Turkey, are or may become points of conflict such as eastern Europe has long been.

Freight Train Smashes Into Steubenville Tower

STEUBENVILLE, March 14.—A Pennsylvania freight train smashed into a signal tower at neighboring Mingo Junction early today, throwing two towermen 25 feet in the air.

Flying clear of the ensuing pile-up of 15 freight cars, the men reportedly suffered only minor injuries. One hundred yards of right of way was torn up and all Pittsburgh-Columbus traffic was rerouted.

Anticipating the crash, Stanley Kulis, 36, and Harry B. Linton, 54, tried to scramble down the tower before it was knocked over. Railroad officials said it was believed the seventh car jumped the track, derailing those behind.

East-bound traffic is being rerouted via Wheeling over the West Virginia division and west-bound over the Canton division.

Mr. Truman's Speech

A joint session of Congress has heard what events have compelled President Truman to acknowledge: that the United States is the only power on earth able to resist the Soviet Union's mischief in Greece and Turkey.

Therefore, concludes Mr. Truman, the United States must help those nations defend their sovereignty—not because their existing governments are perfect but because they are the only bulwark against the spread of totalitarianism; i. e., communism.

This statement, falling little short of a declaration of war on Russia, has been forthcoming for many days. Yet, Americans have drifted into acceptance of a condition of open hostility toward Russia so gradually, it is hard to realze what has happened.

President Truman proposes in effect an extension of the Monroe Doctrine to the Mediterranean basin. Under that doctrine, the United States is pledged to resent and resist the attempt by any European power to spread its influence contrary to the best interests of the United States, formerly restricted to the new world.

His recommendation of military, financial and civil assistance to Greece and Turkey would make the United States responsible for the political and economic welfare of populations in the old world. The President holds that the security of the United States is at stake.

The threat of Russian dominance in Greece and Turkey, in his view, is only one aspect of the situation. Other populations may need similar intervention to protect them. "The free peoples of the world look to us for support in maintaining their freedom," Mr. Truman observes. "If we falter in our leadership, we may endanger the peace of the world—and we shall surely endanger the welfare of our own nation."

There will be some sincere exceptions to this too-easy solution of the difficult problem of persuading human beings that freedom is worth having.

Many Americans honestly doubt their government's ability to save Greece, Turkey, the rest of the Middle East and whatever other territories may be eyed by the salesmen of political terrorism. These Americans suspect that the consequence of trying to save every weak regime being readied for the alternative of a police state would be the progressive deterioration of the United States as a world power. It simply would spread its resources too thin to be of any real consequence.

They further suspect that by holding out the promise of rescue to every tottering government, including those which deserve to fall of their own weight, the United States might only perpetuate the corruption and bungling which have given the Kremlin's agents a chance to make so much apparent progress in Europe.

They conclude what the United States once concluded at the end of a sad and costly experiment with "dollar diplomacy" in the banana republics of Latin America: that democracy cannot be bestowed. It must come from the hearts and minds of people.

The United States is not going to stop the spread of Russian-dominated governments on Russia's perimeter by slapping on patches and sticking in plugs. Anyone who imagines that rescue missions and nine-digit subsidies can prop up political regimes too weak to stand up by themselves is behind on his history-reading. If Greece and Turkey can be made safe for democracy, it will be because Greeks and Turks want to be made safe for democracy.

In the meantime—and this is what President Truman has told Congress—the United States is not going to let Russia win anything by default. This country will be busy in Greece and Turkey. What the President asks Congress to approve is only an expansion of intervention already being practiced in those countries.

He makes an ingenious presentation of the cost involved, comparing it to one-tenth of one percent of 341 billion dollars to secure the "investment" which the United States made in World War II. This is fatuous even for Mr. Truman. World War II was a disaster, not an investment, and one does not mitigate a disaster by adding to its cost.

What is now admitted is that the disaster did not clear the air. The United States is still fighting to put down the challenge of terrorism in countries whose governments are too weak for self-determination. The challenge has taken a new form, or rather it has taken a familiar form—international communism directed from Moscow.

The United States is willing to face the reality of open conflict with the Soviet Union. It has come to the end of its patience with appeasement. There are to be no more Munichs, no more Teherans, no more Potsdams. The Russian bluff, which isn't so much a bluff as a tactic of power politics, is being called.

It might mean war. Mr. Truman doesn't say so, but the implications are there, and they are pretty plain. Relations with Russia have not deteriorated; in fact, they may even have improved, on the assumption that the Stalin government respects nothing but naked force. The United States has served fair notice that it knows the score in Greece and Turkey and is in favor of doing something about it.

The Smallest of the Small

A great deal has been heard about the Atomic Energy Commission and everyone knows it has an assignment of the greatest importance, but what exactly does it do?

Well, for one thing, it publishes a price list of radio-active isotepes. It has just issued some revisions in the list, and indicatons are that the market is bearish. For instance, the price of radio-active carbon is down from $367 a unit to $50. If you don't care to go that high, there are radio-phosphorus at $1.10 a unit and radio-io-dine at $1.70.

The unit is the millicurie, which is the amount of radiation in 1/1000th of a gram of radium. It is an amount so tiny that it can be measured only by the most delicate techniques. To give the layman some idea of its size, it might be described as being even smaller than a restaurant-size pat of butter.

The Stars Say

For Saturday, March 15
BY GENEVIEVE KEMBLE

A hold-over of the preceding irregular, revolutionary and unorthodox state of affairs suggests that this might best be a day of planned relaxation, diversion and conservation of the forces, energies and emotions with complete restoration of sane, balanced and regulated feeling, impulses and ideas. A calm front in the face of drastic situations, over the weekend, might yield surprising returns, with happy denouncements.

Birthday Forecast

Those whose birthday it is may be prepared for a year in which the slogan is "expect the unexpected." Some sort of upheaval is likely to mature, with far-reaching and drastic effect on the future and its destinies. Under emotional strain or strange feeling, ideas or impulses, there may be a disposition to do the wrong thing, thus forfeiting the aid and sympathetic support of kindly influences. This in business as well as domestic and social contacts, where separations might bring an emotional crisis. Keep calm, conventional, controlled.

A child born on this day might have emotional or erratic impulses, with an urge to do the unusual, unruly or revolutionary, unless given early training and discipline.

GUARDING YOUR HEALTH

Symptoms of Migraine Vary

By HERMAN N. BUNDESEN, M. D.

MIGRAINE, that puzzling disorder which produces the most agonizing of all headaches, is mysterious also in this: It sends to some of its victims a forewarning of its coming.

Others it strikes as if out of a blue sky. An attack may begin with the morning awakening or it may start suddenly and unexpectedly at any hour of the day.

In the first stage, headache is usually not present. Instead the afflicted person may feel dizzy, light-headed or sick to the stomach. Visual disturbances are common and of many different types. Some patients become almost blind while others see only one-half of the objects they look at.

Still others are tormented by flickering lights, or flashes of bright color. After ten to thirty minutes of this sort of thing the headache begins its sledge-hammer onslaughts.

A Stabbing Pain

The pain is like deep stabbing or boring, spreading from the front of the head to the back. Sickness to the stomach becomes worse and there may be vomiting. The headache is made worse by movement, noise or light.

In most instances the headache is limited to one side. Sometimes there is flushing of one side of the face. After a varying period of time, the attack passes off leaving the patient tired and exhausted. He often falls asleep and on awakening feels well again until another attack occurs. Such things as domestic and business worries and emotional upsets seem to be factors which aid in bringing on attacks.

Exact Cause Unknown

The exact cause of migraine is still not known. It has been ascribed to disturbances of the circulation to the brain, to allergy or over-sensitivity, to irritation of the nervous system as a result of eye strain, stomach upset and the like.

In some cases it is thought that liver and gallbladder diseases may have some relationship to the sickness. The glands of internal secretion might also play a part in this disorder.

Mild attacks of migraine may be relieved with rest and the taking of some simple pain-relieving drug such as aspirin. In the more severe attacks the patient is put to bed in a darkened room. An ice bag may be applied to help the headache.

A drug known as ergotamine tartrate given by injection into a muscle or taken by mouth, but only under the doctor's direction, gives dramatic relief in some instances. If this drug fails attempts may be made to secure sleep with any of the various preparations employed for this purpose, which the physician will prescribe.

Letters to Dr. Bundesen should be addressed in care of 235 E. 45th st., New York City.

★ WE, THE WOMEN

BY RUTH MILLETT

Too many women are willing to get a feeling of doing something about their community problems by kibitzing from the sidelines—instead of jumping in and working where their interest will have practical results.

As a result, organizations that require active leadership plead for women, while all over the country women waste their time in clubs and organizations that are devoted to talk.

This week marks the 35th anniversary of the Girl Scouts in this country. As part of the anniversary celebration Girl Scout executives are going to try to make American women aware of their desperate need of leaders.

"Practically every troop in the country has a waiting list, and a conservative estimate indicates that 20,000 new leaders are needed," say Girl Scout officials.

It's the same old story in any organization that demands work from its members. Women like to feel that they have interests outside the home and are doing something about community problems.

TOO MANY JUST LISTEN

But too many of them choose clubs where all they do is listen to speakers, have long-winded discussions, and end up by making resolutions that somebody ought to do something about this or that condition.

If more women would realize that their outside interests should mean "taking on a job" instead of joining a group, such worthy organizations as the Girl Scouts wouldn't have to turn down kids eager to join.

Presbyterian Mission Program Is Held

A poem, "Easter Prayer," was given by Miss Erma Hoopes at the meeting of the Presbyterian Women's Missionary society at the church Wednesday.

Devotions were conducted by Mrs. H. H. Wilkinson. Mrs. J. W. Steinebach expressed the group's thanks to Miss Hoopes, who is retiring after three years as president.

Miss Ora Vincent and Mrs. William Sangree entertained with a vocal duet, "Whispering Hope."

Mrs. J. C. Pottorf led a Lenten discussion on "What Do We More Than Others?" Yearly reports from officers were heard.

Hawaii Air Visitors To Get Big Welcome

HONOLULU, T. H.—The Hawaii Visitors' Bureau, which stages colorful welcomes for all passenger steamers arriving in Honolulu, is planning to extend the traditional hula and lei greeting to the local airport.

Mark Eagan, executive secretary of the bureau, said it is proposed to have hula dancers and Hawaiian musicians greet all incoming trans-Pacific commercial planes.

The plan includes establishment of an information booth, in the terminal building, where fresh pineapple juice would be served and color photographs of Hawaii's tourist attractions would be flashed on the terminal walls.

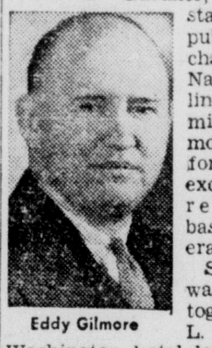
Gilmore Cited For Moscow Coverage

ATLANTIC CITY, N. J., March 14—Eddy Gilmore, chief of the Associated Press Moscow bureau and William Smith, AP Washington photographer, were named today winners of national headliners medals of merit for journalistic achievement in 1946.

Braton Gardner, Pennsylvania state director of publications and chairman of the National Headliners club committee, said Gilmore was cited for "consistently excellent foreign reporting as based on his coverage of Russia."



Eddy Gilmore

Smith's award was for his photograph of John L. Lewis in a Washington hotel lobby during the coal crisis, judged by the committee as "the outstanding news picture" of the year.

Streetcars to Disappear

AKRON, March 14—Streetcars will disappear from Akron streets after March 23. The Kenmore line, running from downtown Akron to the Barberton city limits, is the last survivor of the city and suburban street car lines. Trolley busses will replace the street cars.

A World War II American armored division could hurl 400,000 pounds of ammunition in half an hour.

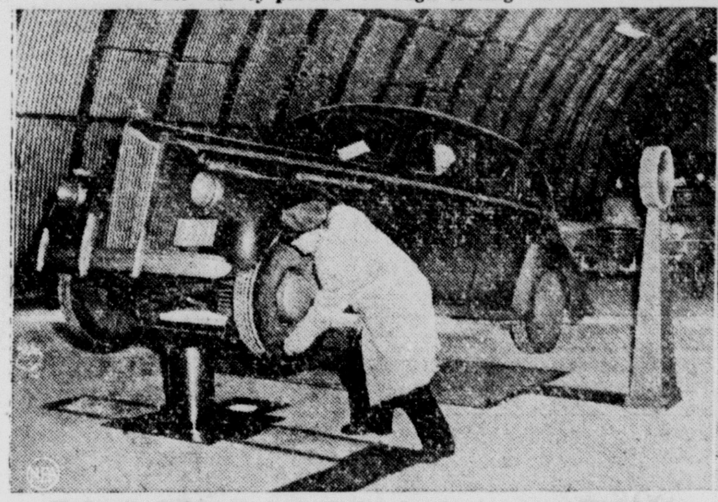
'Test Tube' Promotes Traffic Safety

The "safety parade" through testing stations. Third car is having brakes tested.



Hydraulic hoist aids test of play in steering gear. Wheel king-pins, tie rod and steering joints are allowed a half inch.

Headlight tester measures candle-power, light direction.

Realizing that worn old cars now present one of the worst traffic hazards, Evanston, Ill., is solving the problem with a block-long, drive-in, drive-out "test tube." This is a 40 by 200-foot Quonset hut, equipped as a vehicle testing laboratory and manned by seven police mechanics. By ordinance, every one of Evanston's 15,000 automobiles must periodically be driven through and run the gantlet of six testing stations. If a car does not pass the tests, owner must drive it to a repair shop and return for re-examination within 10 days. Pictures above show examinations in progress.

Two Years of Hiccoughs Bring About Man's Death

DAYTON, March 14—The hiccoughing of William C. Wells stopped last night. He died of pneumonia in Good Samaritan hospital here. Thus ended two years of an affliction for which medicine, surgery and thousands of homespun cures sent in from all over the world to the Wells' residence could do nothing.

Mr. Wells first attracted national attention in August 1946 when it was disclosed that he had been hiccoughing for 17 months. The deluge of letters, telegrams and telephone calls that followed from every state in the union, France and Australia.

House Committee Turns Down Russian Shipment

WASHINGTON, March 14—Chairman Taber (R-NY) said today the house appropriations committee has rejected a state department request for authority to send $25,000,000 worth of oil refining equipment to Russia.

The senate appropriations committee turned down request earlier.

"We can't do such a thing; that's appeasement," Taber told reporters.

The chairman said the equipment, mostly pipelines, was obtained for shipment to Russia under lend-lease agreement but had not been transported prior to last Dec. 31.

• OBITUARY •

CHARLES C. GUY

LISBON, March 14—Charles C. Guy, 75, died Thursday night at the Henthorne clinic here after an illness since last November.

Born in Rogers, he was the son of Lorenzo and Lucinda Ammon Guy. He formerly worked for the Ohio Bell Telephone Co. and later the Ohio Edison Co., but has been retired for several years. He was a member of New Lisbon lodge, F. & A. M., and the Christian church.

Surviving are two sisters, Mrs. Flora Huff of Lisbon and Mrs. Bertha Cureton of Canton; two brothers, William Guy of Lisbon and Harry Guy of Wellsville.

Funeral service will be held at the Eells funeral home at 2 p. m. Sunday in charge of Rev. Theodore Cord. Burial will be in Mt. Carmel cemetery, near Rogers.

Friends may call at the funeral home Saturday afternoon or evening.

Library Innovation

CLEVELAND, March 14—Books will be checked out by a photographic machine at Cleveland public library in about two months. Librarian Clarence S. Metcalf said the machine would photograph the borrower's card, the card identifying the book and the due-back card. He estimated an annual saving of $10,000 through use of the device.

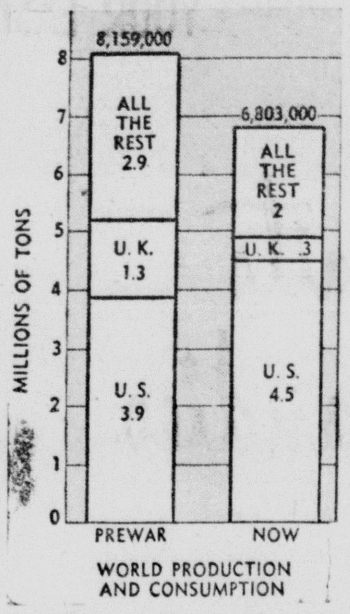
Newsprint Shortage Hits Crisis : : : :

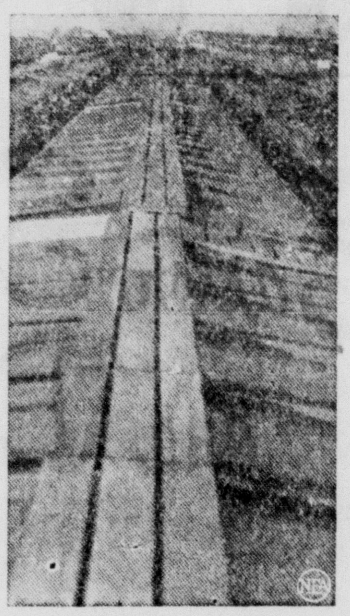
The Weather, Boxcars and War's Aftermath Complicate An Already Tough Problem For American Newspapers.

The paper you are looking at comes from trees like these. There are plenty of trees—but very little paper in the hands of U. S. newspaper publishers. The reasons are many and complicated. Almost all U. S. newsprint comes from Canada; the U. S. took 80 per cent of Canada's production in 1946. To get it from Canada to U. S. pressrooms, that is the problem.

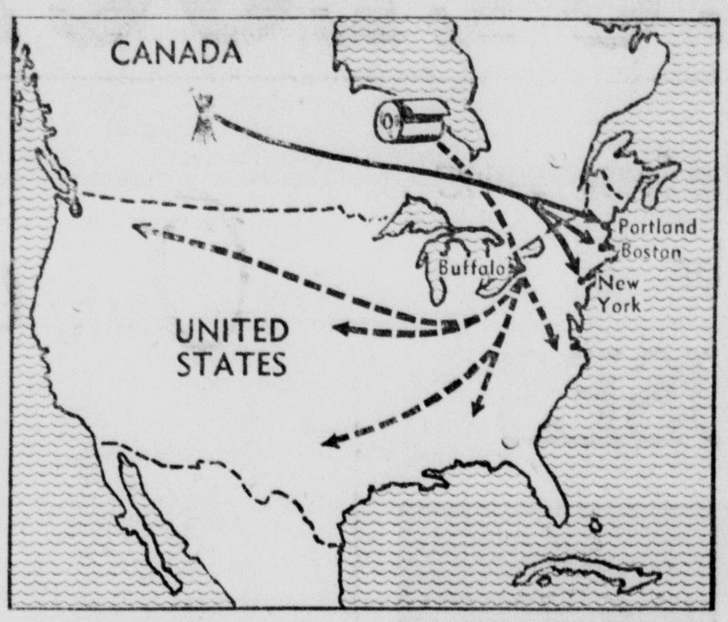
These are one-ton rolls of newsprint. One big city press will use up one of the rolls in just 45 minutes. With advertisers crying for space, many papers have had to ration ads. With newsprint mills unable to store their product in Canada, U. S. papers pay premium prices for whatever paper they can get. The immediate crisis traces to transportation difficultes.



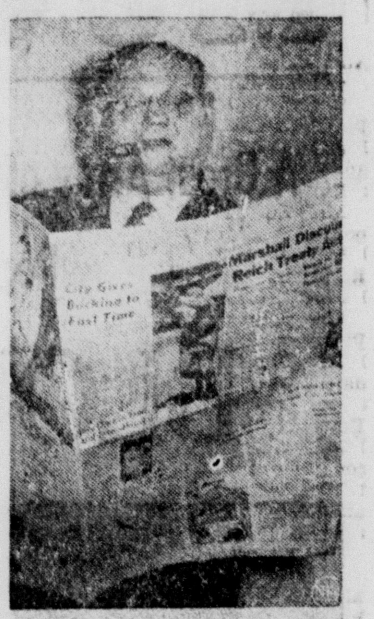
Long range cause of the shortage is: consumption up, production down. With world production down, the U. S. needs more newsprint because of many new outlets, demands of advertisers. No new newsprint mills are being built.



Relief from present emergency depends largely on boxcars. U. S. is short nearly 100,000 cars today. Postwar freighting is heavier than expected. When more boxcars are to be had, perhaps by fall, then what newsprint is available can move.



Immediate causes of the present worsening of the shortage are economic conditions in England, terrible weather and the boxcar supply in Canada. Canadians have been sending unusually large shipments of grain in the long wintertime rail haul to Atlantic ports for England and Europe. This ties up thousands of boxcars which normally would move through the Buffalo gateway bringing newsprint to hungry U. S. presses. Bad weather has tied up many more cars.



Newsprint is scarce and costly. But Mr. Reader still gets his news, his pictures, his comics. If the paper is a little thinner, if the ads are a little smaller, there are good reasons—war, hunger, boxcars, weather, and many others.

Doctor Warns U. S. Of "Universal Ill"

HARRISBURG, Pa. — Psychiatrist Franklin G. Ebaugh, psychiatrist of Denver, Colo., declared in an article in the Pennsylvania Medical Journal that general practitioners should start giving more serious thought to the "universal disease of our times —anxiety."

Ebaugh said millions of persons are afflicted with emotional illnesses caused by stress, tension and irritation and until "several thousand" more trained psychiatrists are available "the mental health of our nation hangs precariously in the balance."

The family physician, Ebaugh said, can carry a big part of the load because he is in a position to "check these disorders at an early stage" and "need not shrink from this task because he lacks specialized training."

The rotary printing press was invented by Hoe.

'Public Enemy'

Leonard J. Zulutsky, 32, described by police as one of the nation's top public enemies, is in Warren, O., jail awaiting FBI questioning after his capture in a railroad camp. Sentenced to life imprisonment for a Florida killing in 1932, he has a record of three escapes and various crimes, mostly involving armed robbery.

OPA Sues 13 Landlords After Rent Violations

CLEVELAND, March 14—The Office of Price Administration, now a part of the Office of Temporary Controls, today sought treble damages totaling $5,913.75 from 10 Cleveland landlords, two from Youngstown and one from Akron in suits filed in federal district court.

The landlords were accused of overcharging their tenants or with failure to refund money due the tenants because of overcharges.

• LETTERS TO THE EDITOR

ACCUSES SHERIFF

Editor The News:

I am writing this letter representing myself, and no doubt many other mothers in Columbiana county.

I would like to know why Sheriff Hayes allows a man to go free when he holds a warrant for that man's arrest for non-support, and has held the warrant for more than a year. I have five children, four of them going to school.

A year ago last November when I received my divorce the court ordered my ex-husband to pay for the support of these children. The following January, since he hadn't made any attempt to pay the alimony ordered by the court, I swore out a warrant for his arrest.

That was January, 1946. Here it is March, 1947. My ex-husband has never paid a cent and still goes free while the warrant lays down in the sheriff's office. And to serve this warrant all the sheriff would need to do, would be to drop it in the mail or phone the Stary county sheriff and they would pick him up.

But no, I have to darken my children's future by asking for aid and deny them a lot of the things they need, while their father can sport around in fancy clothes and enjoy life and freedom.

How in the world can this county expect to hold down juvenile delinquency with such law enforcement? What chance in life do our children have?

I am sure that there are many more women in the county just like me.

In my opinion it's a poor man that won't support his children and very poor law enforcement that lets him get away with it.

Yours for better law enforcement.

Officers Chosen By Presbyterians

Two hundred attended the Presbyterian church congregational meeting in the church dining room Wednesday night.

With Rev. David E. Molyneaux in charge, the business meeting included announcements of elders, deacons, ushers, Sunday school officers and committee appointments for the coming year.

Elders include: Clyde McFeely, Ford N. Dilworth, Horace Reynard, L. Franklin Smith and Lee Vincent.

Deacons are Dudley Ashead, Mrs. Sara Ashead, Miss Bessie Cook, Walter B. Null II, and Mrs. Frank Wilson.

J. Raymond Stiver was named president of the ushers.

Null was named chairman of the "every member" canvass with Arthur D. Nicholas as assistant.

Alfred L. Fitch was re-elected superintendent of the Sunday school with W. E. Young, H. R. Shaefer and W. E. Sangree as assistants. Miss Anna May Long is secretary.

The congregation voted to set up a new sinking fund for the upkeep of church property.

F. M Campbell, Gale Daugherty and C. W. Harris were chosen trustees. It was decided to raise the pastor's salary $1,200.

Seeds of the world's largest living thing, the giant Sequoia tree, are so small that it requires 3000 to weigh a single ounce.

Home Demonstration Council Plans Its Program For Year

Columbiana County Home Demonstration council planned for the 1947-48 home demonstration program and the annual Achievement day April 12 when it met this past week at the home of Mrs. James Pendry in Lisbon.

Twenty-four council members representing most of the townships in Columbiana county planned as their major project for 1947-48 'Hospitality in the Home," according to Miss Erma Ramseyer, home demonstration agent.

Minor projects to be given in townships requesting it will have meetings on upholstering, slip covers, and refinishing of furniture.

The annual Achievement day will be held at Fairfield Centralized school, Saturday, April 12. Each year at this annual event, many homemakers from throughout the county enjoy meeting together to review the past year's program and to learn what is ahead for another year.

Mrs. Byron Anglemeyer, Mrs. John Hull, and Mrs. Edith Fleming were appointed to the Fair committee.

Council learned of the Minnie Price Scholarship fund which is being sponsered by the Home Demonstration councils in Ohio. This scholarship will be given girls during their Junior or Senior yyear enrolled in the College of Home Economics.

Newly-elected officers and Mrs. Clifford Isreal, Knox township, president; Mrs. C. C. Waefler, vice president, and Mrs. Fred Hahlen, secretary-treasurer. MMrs. Waefler and Mrs. Hahlen are from West township.

Mrs. Israel and Mrs. Waefler attended a district Home Demonstration council meeting in Canton March 11 to plan for the district meeting to be held in May.

Columbiana Rolls Past Springfield 64 to 44 In Regionals

Displays Uncanny Ability At Floor to Earn Chance Against Lowellville Five

Sizzling as only they can sizzle, the Columbiana Clippers decisively trimmed Springfield Township Thursday night 64-44 at Kent State university's Wills gymnasium before 4,700 screaming fans to earn a place in the regional finals against Lowellville, which edged Strasburg 59-54 in the evening's Class B nightcap.

The Clippers will meet Lowellville at 8 p. m. Saturday at Kent.

Just one game lies between Columbiana and a trip to the Ohio Class B finals at Columbus next week, and from all indications last night it's going to take a truly "hepped up" Lowellville to stop the Clippers.

Phenomenal shooting was the Columbiana ace in the hole against a fighting, but not too well balanced Springfield club last night. The score, showing a 20-point margin, is far from indicative of the tussle the Tigers gave the highly touted Clippers.

But close as it was most of the way, it was Columbiana accuracy that had the crowd wild. The boys in the red and white cased an amazing 45.7 percentage, 27 baskets in 59 tosses at the hoops.

Columbiana was never headed, although Springfield was constantly within striking distance throughout the first 28 of the 32 minutes and managed to knot the count 35-35 midway in the third period.

The Clippers stepped into an impressive and indicative 9-1 lead early in the first, but it was whittled to a 15-11 margin by the close of the quarter.

Three times in the second period the Tigers, through the brilliant play of Harry Myers, got the margin down to a point, but Columbiana, displaying the five-man scoring power that makes it unstoppable, edged to the front all the way, leading 26-25 at the intermission.

The Clippers roared out at the half with four straight baskets in as many shots and led 35-27 with six minutes left in the canto. From then until the waning moments of the quarter Myers and Springfield picked up and began whacking away at the Columbiana lead until it was tied 35-35.

Dependable Dick Perkins, who functions like a machine when the going is tight, dumped in a beautiful set shot to regain the edge for the Clippers.

All-Ohio Lee Thomas then caged another set shot as only he can, lanky Don Esenwein dished in another and it was 41-35 before Capt. Rich Berryman, who played one of his best games, made another to make it 43-35 with a minute and a half left.

The quarter ended with Columbiana in front 43-38 after Leon Goist and Myers had scored in rapid-fire order.

The fourth frame saw Township make a futile effort to get near the sizzling Clippers, but power and accuracy triumphed as Thomas, Berryman, Esenwein, Perkins and Urschler hit the hoops with frightening ability.

It was Berryman who waxed warmest in the dying minutes of the game, plunking through four of his nine-basket total for the night.

The game ended in a rout as the Clippers added insult to injury with a humiliating display of point-getting.

Berryman totaled 19 for Columbiana, Esenwein 17, Thomas nine on very few shots, Urschler six and Perkins nine.

Coach Johnny Cabas used an entire second string the final minute and Bobby Peters cashed in for a beautiful running one-handed toss to make the 64-point total.

The play of Myers for Springfield can't be over-rated. The semi-blond Senior, husky and agile, was 90 per cent of his team's power and gave a valiant show of the "never say die" spirit. He sparked his team all the way and kept them in the contest single-handedly with his powerhouse scoring thrusts and uncanny shooting.

Columbiana made 10 of 17 fouls while Springfield meshed 15 of 28. The Tigers hit 23 per cent of their shots, or 16 of 67.

LEE THOMAS GETS INS ALL-OHIO SPOT In SURPRISE MOVE

Name Columbiana Star On First Team; Pager Lanney Selected Again

Columbiana's Lee Thomas, ace set-shot, was named to the first string All-Ohio Class B basketball team by the International News Service, it was announced today.

Thomas' choice on the INS squad comes as a surprise, for the diminutive Senior has played but a few games in regular season.

Salem's Bob Pager was named to the INS third team, his second All-State mention this season. He was a second teamer on the more generally accepted Associated Press mythical squad announced Wednesday.

Another surprise on the INS selections was the choice of Allen Bailey of East Liverpool as first team. He made only honorable mention on the AP team.

Salem's Francis Lanney again was given honorable mention, his second of the year.

The complete district selections follow:

CLASS A

Five Teams Advance Single Game Further In Ohio Race

BY FRITZ HOWELL
Ohio AP Sports Editor

COLUMBUS, March 14.—Five teams were a notch nearer the state Class B High school basketball championship today, following victories Thursday night.

Qualifying for regional championship play were Columbiana and Wellsville at Kent, New Knoxville and Gibsonburg at Bowling Green, and Plain City at Springfield.

The scores:
Columbiana 64 Springfield Township 44.
Lowellville 59 Strasburg 54.
New Knoxville 45, Holgate 28.
Gibsonburg 37 Troy-Luckey 35.
Plain City 35, Bradford 31.

Columbiana will meet Lowellville, and New Knoxville will play Gibsonburg Saturday night for berths in the state championship finals March 20, 21 and 22. Plain City will meet the winner of Tonight's Lockland Wayne-Phillipsburg fray. for the Springfield regional title and a state championship berth.

Cold, Flu Hurst Some

Colds and influenza were indirectly responsible for Holgate's defeat by New Knoxville. Minus the services of six foot, six inch Ed Pepper, Holgate 22-1) fought gamely against a classy New Knoxville quint that never led by more than a point or two until the start of the third quarter. Behind 18 to 17 at the half, New Knoxville spurted into a lead on five straight set shots by Dick Du Bois and stayed in front.

The Gibsonburg-Troy-Luckey contest was decided in the final second. Jock Shumaker, Gibsonburg substitute forward, canned a field goal just as the final gun sounded in a game that saw the lead change hands 14 times in the final half. Big Len Shull's 15 points and Gibsonburg's ability to tally 11 straight free throws in the second half decided the fray.

Plain City was paced to victory at Springfield by Kenny Jordan's 14 points. Bradford trailed 21 to 13 at the half.

A capacity crowd of 4,700 fans watched Columbiana lead Spring? field Township all the way at Kent, except once during the thirr period when the teamse deadlocked at 35-all.

Lowellville could think Big Joe Stephenson's accuracy for its triumph at Kent. Stephenson bagged 20 points to Strasburg's Tom Haswell's 19 and sparked a final period rally.

Tonight's Class B schedule calls for two games at Athens and one at Springfield.

STEVE GROMEK ON INJURED LIST NOW

Suffers Knee Injuries In Game Yesterday; Adds To Boudreau Woes

(By Associated Press)

PHOENIX, Ariz., March 14.—Cleveland Indians' Manager Lou Boudreau had another personnel problem on his hands today with the loss of Pitcher Steve Gromek, who injured his right knee in an exhibition game with the New York Giants at Bisbee yesterday.

Gromek retired in the third inning complaining of a sharp pain in his right knee. He returned to Tucson for X-ray pictures.

Outfielder Hank Edwards, who dislocated a bone in his right arm earlier in the week, probably will leave for Cleveland in a few days to undergo further treatment at Cleveland Clinic hospital.

The Giants won yesterday's exhibition by a 17 to 7 count, blasting three Tribe hurlers for 15 hits.

After today's game with the Giants here, a majority of the Indians will leave the Tucson training base until March 31. Boudreau will take 37 players to California for games with the Chicago White Sox, Chicago Cubs, Seattle, Portland, Los Angeles and Hollywood. The balance of the squad will remain behind in Tucson to continue training under Coach George Susce.

Leaders Untouched In Bowling Tourney

No change in the singles leadership and but two in the doubles department of the Salem Bowling association bowling tournament were seen Thursday night at the Kyser alleys in Columbiana.

The team of J. Woods and J. Davis moved into fourth place in the doubles race. Woods rolled 576 and Davis 510 combined with a 123 pin handicap for a total of 1209.

W. Calladine had a 569 and O. Calladine 527, with a 90 pin handicap, to land in fifth place with 1186.

The singles competition Thursday fell far below the 683 mark of J. Lutz, which is currently pacing the tourney.

Don't Risk Roof Leaks
BAD weather quickly locates the weak spots in roofs. New leaks develop, and old ones get worse. Wise property owners refuse to take chances—they have risky roofs put in good condition or replaced before any damage occurs.
When new roofs are needed, we can supply the right type of Carey Shingles or Roll Roofings at the right price. We'll gladly furnish a free estimate on these time tested roofs.

Gunman Obtains Jewels

CLEVELAND, March 14.—A gunman escaped with eight trays of diamonds from an East Side jewelry store yesterday, Manager Arnold Schreibman reported to police, estimating the loss at $1,000.

Detective Harry Weitzel said the robber ran through a crowd of pedestrians at the busy intersection of E. 105th st. and St. Clair ave., and made his getaway in an automobile driven by an accomplice.

Employment Gains

CLEVELAND, March 14—Greater Cleveland employment continued to edge upward in February, reaching an estimated 586,700 persons, or nearly seven per cent more than in the corresponding period last year, B. C. Seiple, manager of the local office of the Ohio State employment service, reported today.

Seiple said 30,000 not now working in Cuyahoga county included approximately 5,500 veterans and 8,000 women.

More than 9,000,000 cattle hides are tanned annually for sole leather in the United States, in normal times.

LEGAL NOTICE

ORDINANCE NO. 470304-14
PASSED MARCH 4, 1947

An Ordinance to issue bonds after submission to electors and to issue and sell bonds in the amount of One Hundred Sixty Thousand and no/100 Dollars ($160,000.00), for the purpose of purchasing land and constructing, furnishing and equipping a new City Hall for the City of Salem, Ohio.

WHEREAS, Pursuant to a Resolution adopted by the Council of the City of Salem, Columbiana County, Ohio, on the 6th day August, 1946, an election was held on the date named in said Resolution, to-wit: the 5th day of November, 1946, upon the question of issuing bonds for the purpose of purchasing land and constructing, furnishing and equipping a new city hall in the sum of One Hundred Sixty Thousand and no/100 Dollars, ($160,000.00), of which due notice was given according to law and at which election more than 65% of the electors voting on said proposition voted in favor thereof; and

WHEREAS, It is now deemed necessary to issue and sell One Hundred Sixty Thousand and no/100 Dollars ($160,000.00) of said bonds under authority of Sections 2293-2 and 2293-19 to 23, inclusive, of the General Code of the State of Ohio; and

WHEREAS, This Council desires a single bond issue for the foregoing purposes and the City Auditor has certified the maximum maturity of said bonds, which maximum maturity does not exceed his estimate of the average number of years of usefulness as measured by the weighted average of the amounts proposed to be expended for said several classes of improvements in accordance with the table of maturities fixed by Section 2293-9 of the General Code, and has also certified a schedule of the respective amounts of the proposed bonds within each of the classes defined by Section 2293-9 of the General Code of Ohio, and

WHEREAS, This Council estimates that a tax for said bonds will first appear upon the duplicate for the tax year of 1947, and that the final tax settlement with the County Treasurer next following the inclusion of a tax for this issue in the annual budget by the County Auditor, as provided by law, will be obtained not earlier than the first day of September, 1948;

NOW, THEREFORE,

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF SALEM, STATE OF OHIO:

SECTION 1. That, for the purpose of purchasing land and constructing, furnishing and equipping a new city hall there shall be issued and sold bonds of this City under authority of Sections 2293-2 and 2293-19 to 23, inclusive, of the General Code of Ohio, in one lot and that the amount of said bonds to be presently issued shall be in the principal sum of One Hundred Sixty Thousand and no/100 Dollars ($160,000.00). Notes shall not be issued in anticipation of the issuance of such bonds.

SECTION 2. Said bonds shall be dated the 1st day of April, 1947, and shall be in the denomination of One Thousand and no/100 Dollars ($1,000.00) each. They shall be serial and shall be numbered from one (1) to one hundred and sixty (160) both numbers inclusive. They shall bear interest at the rate of two (2) per centum per annum, payable semi-annually on the 1st day of June and December of each year, until the principal sum is paid, as evidenced by the interest coupons attached thereto, the first interest, however, being payable on the 1st day of June, 1948. Both principal and interest of said bonds shall be payable at the office of the Legal Depository of the City of Salem, Ohio, in the City of Salem, upon presentation and surrender of bonds and interest coupons as they respectively mature.

Said bonds shall be due and payable as follows:

Five Thousand and no/100 Dollars ($5000.00) on June 1st, Five Thousand and no/100 Dollars ($5,000.00) on December 1st, in each of the years of 1948 to 1962 inclusive, which maturities are hereby determined to be in substantially equal semi-annual installments.

SECTION 3. For the payment of said bonds and the interest coupons thereto attached the full faith, credit and revenue of the City of Salem, Columbiana County, Ohio, is hereby irrevocably pledged, and for the purpose of providing the necessary funds to pay the interest on the foregoing issue of bonds, promptly when and as the same falls due, and also to provide a fund sufficient to discharge the said serial bonds at maturity, there shall be and is hereby levied on all the taxable property in the City of Salem, Columbiana County, Ohio, in addition to all other taxes a direct tax annually outside the 10 mill limitation during the period said bonds are to run in an amount sufficient to provide funds to pay interest upon said bonds as and when the same falls due and also to provide a fund for the discharge of the principal of said serial bonds at maturity, which tax shall not be less than the interest and sinking fund tax required by Section 11 of Article XII of the Constitution.

SECTION 4. Said tax shall be, and is hereby ordered computed, certified, levied and extended upon the tax duplicate and collected by the

LEGAL NOTICE

same officers, in the same manner and at the same time that taxes for general purposes for each of said years are certified, levied, extended and collected. Said tax shall be placed before and in preference to all other items and for the full amount thereof. The funds derived from said tax levies hereby required shall be placed in a separate and distinct fund, which together with all interest collected on the same, shall be irrevocably pledged for the payment of the interest and principal of said bonds, when and as the same fall due.

SECTION 5. Said bonds shall express upon their face the purpose for which they are issued; that they are issued in pursuance of this ordinance and shall be signed by the Mayor and City Auditor, and the interest coupons shall have the facsimile signature of said City Auditor, printed or lithographed thereon.

SECTION 6. It is hereby determined that all acts, conditions and things necessary to be done precedent to and in the issuance of said bonds in order to make the same legal, valid and binding obligations of said City have been done, have happened and been performed in regular and due form as required by law and that the tax for the payment of the principal and interest as the same fall due and are payable

LEGAL NOTICE

does not exceed any limitations of taxation of said City, and that the amount of this bond issue does not exceed any limitation of indebtedness as fixed by law.

SECTION 7. The City Auditor is hereby authorized and directed to offer this issue of bonds first to the Trustees of the Sinking Fund or to the Officer having charge of the Bond Retirement Fund of said City and if refused, then he is directed to offer the same for sale as provided by law. Said bonds shall not be sold for less than par and accrued interest to the date of delivery.

When said bonds have been once advertised and offered at public sale, as provided by law and they or any part thereof remain unsold for want of bidders, those unsold shall be sold by the City Auditor at private sale at not less than their par value and accrued interest thereon bearing the rate of interest provided in this Ordinance.

SECTION 8. The City Auditor is hereby authorized to keep a record of the number, amount and rate of each bond sold, the amount received for it, to whom sold and the time payable.

SECTION 9. The City Auditor is hereby directed to file a certified copy of this ordinance with the County Auditor.

LEGAL NOTICE

SECTION 10. This ordinance is hereby deemed an emergency measure due to the fact that it is imperative that the City of Salem start construction of the city hall immediately and in order to do so proceeds from the sale of said bonds must be received at the earliest possible date. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

THE GOLDEN EAGLE

EVEN a Buick engine wears eventually, but our factory built "Power Package" is really a new Buick engine—makes your '37, '38, '39, '40, '41, or '42 Buick hit the road again like a new car.

You'll probably be surprised at the cost—it's much less than you'd guess. Come in and let us tell you about it. We can arrange easy payments to suit your budget.

And you'll find this engine unit much more economical and satisfactory in the long run than part-by-part replacement. One operation, and you drive out of our doors in your faithful Buick that will now give new Buick engine performance!

— AND YOU CAN TRADE IN YOUR OLD ENGINE!

It's wise to depend on your BUICK Dealer for Service!
